

"JORGE"

SINGULAR'S BEST CHOICE GEORGES

DNA Test Report

Test Date: February 26th, 2019

embk.me/jorge

HEALTH REPORT

How to interpret Jorge's genetic health results:

If Jorge inherited any of the variants that we tested, they will be listed at the top of the Health Report section, along with a description of how to interpret this result. We also include all of the variants that we tested Jorge for that we did not detect the risk variant for.

A genetic test is not a diagnosis

This genetic test does not diagnose a disease. Please talk to your vet about your dog's genetic results, or if you think that your pet may have a health condition or disease.

Good news!

Jorge is not at increased risk for the genetic health conditions that Embark tests.

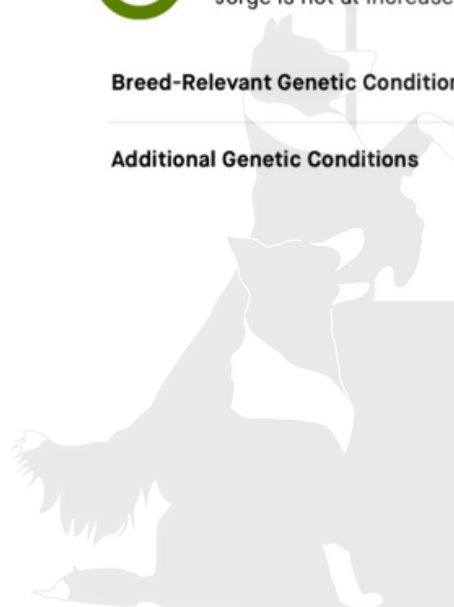

Breed-Relevant Genetic Conditions

7 variants not detected

Additional Genetic Conditions

176 variants not detected
